

# cZeus School League – Teacher Guidelines

In collaboration with Imperial College London, we are introducing cZeus School-League Competitions for the UK. The first series of these competitions will be for Year 7 to 9 (Key Stage 3) and will have three phases, with the live final taking place at Imperial College London.

## Phase I - Training

In this phase, schools will be supported in practising cZeus Maths Challenger and will help to select their team. For a limited time, we will provide free training sessions at your school or online. If interested, please send a request email to [support@tmgcl.com](mailto:support@tmgcl.com)

### **Prizes for your students**

Certificates for participated students and extra kudos for the students who assist teachers in preparing their CSV file for enrolment.

### **Teachers Guidelines for Phase I**

#### **1. Register yourself and your students:**

- If you have not already registered yourself, please register now on the website via [this link](#)  
<https://czeuspuzzles.com/schools/#/school-league-register>
- Login to the user website via [this link](#)  
<https://czeuspuzzles.com/schools/#/login>

- Make a list of all your students' nicknames, email addresses and passwords in an Excel spreadsheet, and save it as a CSV file, Format: Name, Email, Password
- Register your students, by using the prepared CSV file via [this link](#)  
<https://czeuspuzzles.com/schools/#/manage/csv-upload>
- Provide students with their login details

## 2. Prepare your students:

Ask your students to:

- Download the cZeus School League app on [iOS](#), [Android](#), [Windows](#) or [macOS](#) devices.
- Login with an email address and password that is given to you
- Practise in the 'Training Camp' section of the app, where you can select between Light, Mortal and Hero classes of difficulty.
- Practise in these classes for at least 1-3 weeks.
- See the [student guidelines](#)
- The same device can be used by several students as long as each student logs in with their unique email address (i.e. no two students can use the same email address)

## 3. Create a competition for your students:

- Create a private competition with a unique name and a time period, for example, between 1st November and 15th November, for your students to compete against each other via [this link](#)  
<https://czeuspuzzles.com/schools/#/manage/createschoolleague>
- You can create up to 5 private competitions if you wish.

## 4. Enrol your students:

**Option 1:**

- Prepare a list of all nicknames and email addresses in an Excel spreadsheet, and save it as a CSV file, Format: Name, Email
- Enrol your students in your competition, by using the prepared CSV file via [this link](#)  
<https://czeuspuzzles.com/schools/#/manage/csv-enrol>

**Option 2:**

- Give your ‘competition’s name’ to your students
- Ask your students to:
  - open the cZeus app
  - select cZeus Community
  - select Tournaments tab
  - Press the search button
  - enter the competition’s unique name and search
  - request to join the competition
- You need to accept all these requests on the website

**5. Access your students’ performance and select members of your school team:**

- Ask your students to compete in the given period
- Log in and check your students' performance via [this link](#)  
<https://czeuspuzzles.com/schools/#/manage/createschoolleague>

**6. Create your school team:**

- You can have up to 50 students in your team. However, our software calculates your team’s score from the average of your top three players.
- The name of the team should be below 20 characters and must be identifiable by the school and teacher’s name
- Create your team via [this link](#)  
<https://czeuspuzzles.com/schools/#/profile/manage/create-team>
- The Team’s name and password could be emailed to your students via the website or announce it in the classroom.
- Ask your students to click on Profile  in the app. In the profile page, select “Join a team”, and enter the school’s team password to join.

## Phase II – Get qualified for Phase III

All the school teams formed in Phase-I will be invited to enrol in December for the UK Inter-school competition. The top nine schools will be chosen to go through to the final with their top three students as their lead players.

**Enrolment Deadline: 15<sup>th</sup> April 2020**

**Competition duration: 17th -30th April 2020**

**Prizes:** Certificates and kudos for qualifying teams

## Phase III (Live Final – taking place at Imperial College London)

**Competition Date: 29th June 2020**

Qualifying schools will be invited to compete at a live final taking place at Imperial College London. These schools will be divided into three groups, and each group will compete in a knockout tournament with one school going through to the final. The three remaining schools will compete for the winner title.

The final will be streamed live on streaming platforms like YouTube.

**Prizes:** Cash rewards to school, a day out at ICL for the winning team, certificates and Kudos.
